

# ProjectWise® Streamlines Project Delivery

As project leaders, you face *tighter schedules* and *heightened expectations*, so digitalizing your team's project delivery is *critical*. ProjectWise enables design project leaders to consistently deliver projects on schedule, within budget, and according to specifications by seamlessly connecting teams, information, and workflows throughout the design project lifecycle.

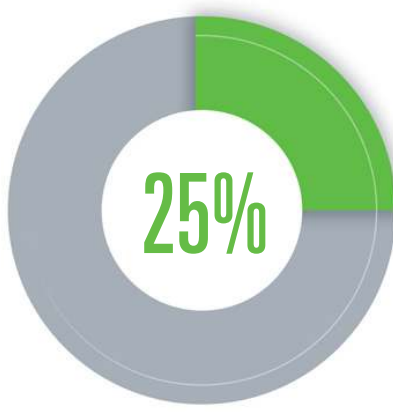

Thousands of projects *like yours* have deployed ProjectWise to great benefit. Here are six examples of ProjectWise *enabling efficient project delivery*.

## Accelerating Collaboration

Cut time searching for information by **25%**<sup>1</sup>

**CH2M (now Jacobs)** used ProjectWise on a major flood risk management project to make it easier to locate information right when they needed it.

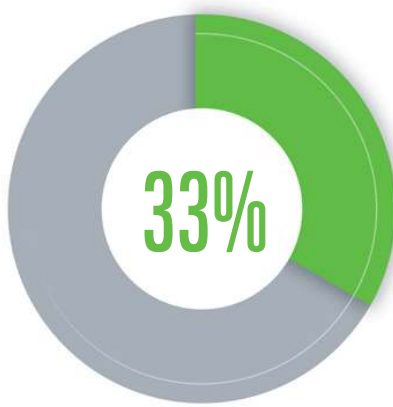

Reduced support time by up to **20 hours** per project

**GHD** leveraged ProjectWise to create a new framework for enterprise-wide management of asset information, helping them work together more efficiently.

## Enabling Efficiency

Assembled packages in **33%** of the time<sup>3</sup>

One of our ProjectWise clients cut the time to assemble each transmittal package by an hour, saving hundreds of hours on every new project.

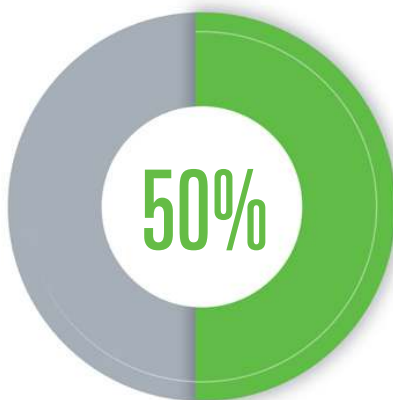

Captured, visualized, and remediated **100%** of design risks

**Mott MacDonald** used ProjectWise on a large railway project in the United Kingdom to develop a connected data environment so that all disciplines always worked with verified data.

## Driving Better Project Outcomes

Reduced overall design errors by **50%**<sup>5</sup>

**Xi'an ShaanGU Power Co.** cut design errors in half on a CNY 11.4 million compressor unit by using ProjectWise to establish a single source of truth for project content.

**Improved** information tracking and reporting to external stakeholders<sup>6</sup>

**Borneo Highway PDP** used ProjectWise to track and store information for a major highway project, making it easier to update external stakeholders and show compliancy to standards.

**ProjectWise** has been made available to you through your organization's subscription licensing plan, and we're ready to help you get started.
